

## Movin'

Skin

A look of death that turns you on  
I'm too destructive to be the one

Chorus

That's where I'm going to  
Some place that's far from you  
I'm movin' on

I'm too frustrated to kill your glare  
I can't dismiss, you can't compare

Bridge

And when I find my place  
I'll make this stupid feeling last forever  
When I find my way  
Nothing left in this sick world will matter

I wanna kill to fit your rules  
I can't resign until you're through

Alternate. Chorus

That's where I'm running to  
Some place where dreams can't rule  
I'm movin' on
