

Mammoth bitch holds Gyney down  
Forces him to perform cunnilingus on her snizz  
Quivering clitoris open gash, like a roast beef sandwich, tongue probing  
Force finger fucking her ecstasy makes him queasy,  
She used no masengil or summers eve  
Her pussy spews cottage cheese no vagisil for the yeast,  
Gonorrhea or herpes  
If he makes in out alive gynelotramin he'll proscribe.  
He wants to stop but she grinds his face into her diseased box  
He barfs all over her crab filled crotch  
The warm puke turns her on  
Puss cums, piss squirts, lumpy jizz, rotten fish  
Climactic quake from the raunchy beaver  
The flapping beef creates a breeze  
Catch a wiff of the toxic emission it hits him  
She sputters and splatters the juice in his face  
Her slice is rotten, his mouth is frothing  
Contagious STD's contracted orally  
The cooter sandwich malignancy, the gaping chasm is made of beef  
Senses evaporated, taste buds annihilated he is cuntaminated.
