

# Only the Ruthless Remain

Skinless

No honor, no code  
Fighting for survival  
What was unified fails  
Devolved creation  
With only one goal  
Survival day to day  
Hostile environment  
Violent conditions  
Berserk, amok, insane

Hardens mankind's fate  
Empathy fades away

Blood, battle  
There's no allegiance  
Only to oneself  
Friends, family slaughtered in terror  
Not retribution or revenge  
Blindly killing, possessed by fear  
Berserk, amok, insane  
Frenzied, desperate charge, rampage killer  
Empathy fades away

Hardens mankind's fate  
Empathy fades away

When only the ruthless remain  
All benevolent acts have been in vain  
Idealistic values sacrificed  
What shall come to pass

When only the ruthless remain

Struggle, fail  
There's no allegiance  
Act only as one  
Kill them all, even your own  
They'll turn on you for less  
Blindly killing, possessed by fear  
Berserk, amok, insane  
Frenzied, desperate charge, rampage killer  
Empathy fades away

Hardens mankind's fate  
Empathy fades away

Season of violence  
Subjects of destruction  
Dark valley of death  
Souls extracted from this earth  
Purgatory ends  
For another to begin  
Pulled down below  
By an unknown force

Tortured, beaten  
Malnourishment and famine

Diseased demise  
Souls extracted from this earth

Religion erased  
Beliefs debased

Burning heat, sears the flesh  
Boils the skin, melts the bones  
Organs liquefied, then evaporated

Soul has left, to be pulled back in  
To a mortal hell that will never end

Impaled by the beast and left to rot

In time, you'll wait, you'll wonder, you'll die  
In Time, you'll fight, you'll fail, you'll die

When only the ruthless remain
