

Savagery

Skinless

Innate predation
Bloodthirst, invasion
Brutal measures of
Carving out the destination

Retaliate, desecration
Devastating and ruthless measures
Deviate and separate
NEVER

The savagery unfolds
A legacy foretold
Diminished value of life
Set to zero

The corpse with more worth
Extract from life
Destined for the earth
Lost man, lost child
Left in a foreign land
Worse than death
Punished faithfully
Tortured, CONFESS!!!

Dusk eternal
For the fragile mind
A new procedure
Incrementally lobotomized

Interned and stepped on
Immortalized
Known for your failures
And bitter lies
Remain a martyr
For the Blind
A guiding light
Shines from behind

One at a time
Tortured beyond recognition
Minds liquefied
Fate confined to mercilessness
One at a time
Minds liquefied
One at a time
Take revenge, divisive, divine

The corpse with more worth
Extract from life
Destined for the earth

Lost man, lost child
Left in a foreign land
Worse than death
Punished faithfully
Tortured, CONFESS!!!

Thrown into a vast depth
A vaulted tomb
A hero for the weak
Vicious savagery

Never exhumed
Turned to dust

A new age of savagery, as blood quenches the soil
Earth devours your flesh, and Hell consumes your soul

Follow the masses, blindly into the grave
Generations will come to forever curse your name
