

Angel of Noise

Skold

Crawl through the sands of time, mind shut, eyes open wide
Seven years of plenty as the darkness creeps inside

Burn like the sign of the Southern Cross against black sky
Five points, two circles and the decaying serpent's eye

Angel of Noise
Promise you heaven
Angel of Noise
Take you to hell
In nomine, In nomine

Sweep across the land, black death and pestilence arrive
Climb aboard the sinking ship, the rotten one arise

The power of black compels you, true tyrannicide
Divine intervention as the spear pierces your side

Angel of Noise
Promise you heaven
Angel of Noise
Take you to hell
Angel of Noise
Promise you heaven
Angel of Noise
Take you to hell
In nomine, In nomine

Seed the world for me
Make it grow for me
Realize what's to come
Make a path for me
Set the stage for me
There can be only one
