

I Don't Need Your Love

Skrewdriver

Well I know what I want
But baby you do too
Well I don't need your love
'Cause baby I need you.

Chorus:

Well love don't shine
Through the clouds above
I just want your body
I don't need your love

Well when I get bored
Got nothing to do
I 'm gonna dial your number
I'm gonna ask for you.

(Repeat Chorus)

Love, don't need your love
Love, don't need your love
Love, don't need your love
Love, don't need your love.

(Repeat Chorus) x2
