

## Short Money

Skyzoo

Short money looked so tall when we stood up near it  
Told us that we could see it louder, had to look to hear it  
Looking further from what we heard of made it more apparent  
Apparently hearing these was looking in mirrors  
Tall when we stood up next to it, stood tall if there was ever  
room for questioning  
Knowing all of your rep in it, height became a precedent  
Tall like extended's on the end of what they bring when they gr  
ip and get to collecting it  
Money had us adept to it  
Power shotgun in the ride with the respect and so we got to L.O  
.X'ing it  
Track 5 connecting it  
And know that if I'm dealing with 5 it's 4-5 in the sky, Mitche  
ll & Ness'ing it  
Grey uniform, Nike checking it  
Childhood pictures had us pissing on hydrants, G-Depping it  
Nickel and diming seems effortless  
Til the crown heavy cause the nickel and diming breed replicas  
Saw it off the arm while eyeing the divas jumping outta cars  
With lines of fiends plucking on their arms  
Bitches brushing em away while they dying to see what's jumping  
with the bomb  
And 550's was dumping outta jars  
I mean, who would've knew you could fit a car in a flour jar  
Or you can fill it with half and get your Audi on  
Short money looked so long like car payments  
But short money turn those off like court cases  
Casing a dream like it was yours and we was taxing it  
The lane get too cluttered with dreams you start trafficking  
The dichotomy of starting at the back of it  
I'm a Jay-Z Kweili accident  
Hybrid of the park bench and park slope  
But the thought of living in park slope was all jokes  
"Peace God", peace God, now the shit is explained  
It makes sense like a lick for a brick and some change

Short money what they taught us when they put us here  
Said it take so long to count it that we wouldn't care  
Short money what they taught us when they put us here
