

I Don' Mind

Slade

I don't mind, if there's a change in me
I'm unkind, that's how I've got to be
am I being cruel, am I being cruel
I danced on your face
it seemed the best place
for acting the fool
I got time, to put my wrong things right
my life's mine, to do with what I like
am I being cruel, am I being cruel
I danced on your face etc.
[chorus]
I'm going up, down, all around
build me up and knock me down
to the ground, I don't mind, I don't mind
my star sign, was just no good for you
it might shine, but it can't pull me through
am I being cruel, am I being cruel
I danced on your face etc.
[chorus]
I danced on your face etc.
I don't mind
[repeat to fade]
