

## Buildin' With Edo

Slaine

(Slaine)

When I was 14 years old I remember seeing Edo G  
On yo MTV raps  
And he was the first dude really reppin' on that level for Bost  
on  
And you know that made me think that I could do it  
Years later you know I met Edo and we were buildin'  
And we did a joint then we ended up  
You know making Special Teamz together  
You know when Edo put me on like that that was dope  
I was looking at Edo's example  
I wanted to be given back to my city the same way I always did

Back in '05 I can tell we fit  
Hella quick, ignorant, intelligent  
Speaking intolerant and elevant

Still relevant  
You can tell a billionaire but you can't tell him shit  
Spit it for days, split it 3 ways  
Blaze haze, real shit, homie, get it appraised  
F-in pays, went on separate ways to attack riches  
Edo G and Slaine now we back bitches  
Let me remind you 3 stars allign to  
Tell the truth you been lied to  
Fix you like high cool  
Wack shit you been tied too  
High income, but low IQ  
Foul rappers, rip it, talk it I live it  
Teach politics, civics  
Stand still and mimic  
See I'm a travelling man, dog  
I always move my pivid
