

It'll Be Alright

Slaughter

Look into my eyes
And tell me what you see
Is there anyone there?
You point your finger and
Blame the world on me
Do you really care?

Alone
So you talk to yourself
Alone
If you listen to your mind it yells
Take us back to where we belong
Where the simple songs and the
Days last forever

Dream, life's not as bad as it seems
And we all stand together
As long as you don't let it all pass you by
It'll be Alright
It'll be Alright
Now tell me mister, what's your
point of view?
Do you feel that way?
I guess your past, it must be
catching up on you
Do you feel the pain?

Alone
So you talk to yourself
Alone
If you listen to your mind it yells
Take us back to where we belong
Where the simple songs and the
days last forever
Where all you have to do is
dream, life's not as bad as it seems
And we all stand together
As long as you don't let it all pass you by
It'll be Alright
It'll be Alright
Echoes of voices of all the people
You once knew, they call your name
You turn to look and find but
there's nobody there
Gazing out your window, tell
me what are you looking for?
It'll be alright
Know all your problems are
falling down like winter rain,
like winter rain, like winter rain...
Ahh-Ahh-Ahh-Ahh
Ahh-Ahh-Ahh-Ahh
Don't ya know every
things gonna be all right
Take us back to where we belong
Where the simple songs and the
days last forever

Where all you have to do is
dream, life's not as bad as it seems
And we all stand together
As long as you don't let it all pass you by
It'll be Alright
It'll be Alright.
