

Live Like There's No Tomorrow

Slaughter

People always sayin' that you're livin' in overdrive
Well my friends I will show all of the reasons why
Keep lookin' forward don't ever look back
Your life's in the fast lane it's true

Now you know in your mind
You're burnin' candles at both ends all
of the time and you feel fine
And you're livin' everyday of your life
Like there's no tomorrow
Like there's no tomorrow
Livin' like there's no tomorrow
Livin' like there's no tomorrow

Ya know that everybody tells ya
That you're gonna have to play by the rules
I've got news for you people I never listen to fools
Keep lookin' forward don't ever look back
Your life's in the fast lane it's true

Now you know in your mind
You're burnin' candles at both ends all
of the time and you feel fine
And you're livin' everyday of your life
Like there's no tomorrow
Like there's no tomorrow
Livin' like there's no tomorrow
Livin' like there's no tomorrow

How many times has the world passed you by
Gotta keep it together or you'll be livin' your life
With no meaning insight
That's no lie
Yeah that's no lie

Now you know in your mind
You're burnin' candles at both ends all
of the time and you feel fine
And you're livin' everyday of your life
Like there's no tomorrow
Like there's no tomorrow
Livin' like there's no tomorrow
Livin' like there's no tomorrow
