

# Take Me Away

Slaughter

Well, your life seems zero and your past seems dense  
Future falls from promise, what makes sense  
Heaven helps those who go and help themselves  
The gates of heaven possess endless wealth

Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky

Living your life benefits mankind  
No place for sorrow so don't you waste your time  
Heaven helps those who go and help themselves  
The gates of heaven possess endless wealth

Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky

Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky  
Take me away, take me away, take me to the sky

Take me to the sky, why don't you take me to the sky?  
Why don't you take me to the sky?  
Why don't you take me to the?
