

The Wild Life

Slaughter

Come on and live it
Ooh yeah!

Sitting home by yourself with the TV on
You know you got nothin better to do
And then all of a sudden get a feeling inside
There's a whole party waiting for you

You crawl out to the jungle late at night
Your friends they go real far (they go real far)
Now you're searchin for the time of your life
And you'll never, never know where you are

It's a wild life
That's in your veins
You'll feel like an animal that's been uncaged
You live the wild life (wild life)
It's a wild, wild life
Right!

Come on and live it
Ooh yeah!

Now you're hanging with the pack out seeing the sights
Now everything's looking good to you
It's a fine line, between fire and ice
But you're gonna break on through

You're crawlin fast now with the wind in your hair
You know you can't get enough (you can't get enough)
No matter what you see no matter what you do
You know you'll never, never know where you are

It's a wild life
That's in your veins
You'll feel like an animal that's been uncaged
You live the wild life (wild life)
It's a wild, wild life
Right!

So now you're in the jungle late at night
Your friends they go real far (they go real far)
You'll be searchin for the time of your life
But you'll never, never know where you are

It's a wild life
That's in your veins
You'll feel like an animal that's been uncaged
You live the wild life (wild life)
It's a wild, wild life
Wild, wild life
Wild, wild life
Wild, wild life
It's a wild, wild life
