

Tarantula Deadly Cargo

Sleaford Mods

Alien mum dropping lethal cargo on the ship
Tarantula deadly cargo, it's bent it
Alien dad dropping lethal cargo in the ship
Tarantula deadly cargo, it's bent it

Alien mum examined me
It's bleak, self destruct the motor mate
It's burnt my beak, beak
Pathway up to medieval churches and night-time runs
Sound checks leave the bar alone it's ruined everyone

I said well alien mum dropping lethal cargo on the ship
Tarantula deadly cargo, it's bent it
Alien dad dropping lethal cargo in the ship

Tarantula deadly cargo, it's bent it

Pebbles steep streets romance on the high weed
European poos are deadlier than the alien mums, it's true
V for walls Vendetta
Freeze it you can still eat it later
Straight away, just one Cornetto, mate

I said well alien mum dropping lethal cargo on the ship
Tarantula deadly cargo, it's bent it
Alien dad dropping lethal cargo in the ship
Tarantula deadly cargo, it's bent it
