

Paint Me

Sleeper

Judging you, sparkled like a jewel
Turn your face to another face
You study alchemy at school
You moved away 'cos you're coming through
Is your skin like some other skin
Or is it thin and maybe blue?

Oh paint me like somebody painted you
Tell me what makes me afraid of you?
It must be knowing that i can do right
Oh baby do i know you, can i take a photo?
Can we put our arms around you?
You got things to borrow
But give it back tomorrow
We can put it right back to you
You go to the store and get some bread

[] you, fill your stuff with pills
Make you talk like a very tall thing
Isn't it hard to keep you still
Moved away 'cos you're coming through
Are our eyes like other eyes
Or do we look this into you

Oh paint me as somebody painted you
Tell me what makes me afraid of you
It must be knowing that i can do right
Oh baby do i know you, can i take a photo?
Can we put our arms around you?
You got things to borrow
But give it back tomorrow
We can put it right back to you

Why do you look like that?
You said you'd get it back
Or does it feel to be all alone
Baby do i know you, can i take a photo?
Maybe you can paint me like somebody painted you
Tell me what makes me afraid of you
It must be knowing that i can do right
