

God don't let people fall
into the hands of an angry church
without love
I never would have made it.
Father don't let your people fall
into the clutches of an angry world.
Without your love
we're never gonna make it.

God don't let people fall
into the hands of an angry church
without love
I never would have made it.
Father don't let your people fall
into the clutches of an angry world.
Without your love
we're never gonna make it.

All of our politics and pride,
breed division and disorder,
anything but love.
Don't let a Christian Love

The only freedom I've found,
Is Radical Love.
