

Destroy Every Idol

Sleeping Giant

Drunk on Your presence
Covered in blood
Glory in essence
We'll shake the foundations

Every wall falls down
Destroy every idol
In the hearts of man

Destroy every idol

(Spirit filled in our persistence
This true resistance for Your holy name)
Step right up
(Jesus Christ - our true salvation)
Xxx xxx xxx
(Until the end of days He is the same)
Yesterday, today and forever

Every wall falls down
Destroy every idol
In the hearts of man
Destroy every idol

Witness
I bear witness
Witness
I testify

(Spirit filled in our persistence
This true resistance for Your holy name)
Step right up
(Jesus Christ - our true salvation)
Xxx xxx xxx
(Until the end of days He is the same)
Go

Filled with Your presence
Covered in blood
Glory in essence
We'll shake the foundations
Drunk on Your presence
Covered in blood
Drunk on Your every word
We'll shake the foundations
