

How do we compare? Just another orphan generation..  
How do we compare? A generation of lost boys!

I hear your songs, I don't dance and I will not stay  
I know the truth now and I'll never walk away  
This generation doesn't recognize its own name  
I'm sorry folks - my tribe and people don't play!  
It's a mob and the crowd is louder than I care to bear on my way

Condemning voices they talk and talk and talk  
Condemning judges just never say a thing -  
They neglect the Cross of Christ but it's the only power for true change!

I reduce the choir to one voice  
I choose the assignment of the cast aside  
My place is outside of group-think  
I choose to identify as crucified!

Crucified!
