

# Somebody

Slightly Stoopid

Wait and see because you know you need somebody

I said, the loving you lost is just one of the costs  
When you're living in the streets and you're running from cops  
And everyday that's just the price you pay  
When you're living by the words and the things you say

And if your mother only knew  
That all these things you say you know are true

C'mon and, a little woman, yes the one you wanted  
The type of woman leave you broken hearted  
Got the type of body that you can't ignore  
Said, you got a lot of money but you can't afford  
A little loving from the wrong side  
Of the bed, you sleeping for the long night

Wait and see because you know you need somebody  
oh yeah, somebody, oh yeah, somebody, oh yeah

You're saying that you're leaving baby  
I don't think that you're coming back  
And nothing's meant to last forever  
Let me know what you think about that  
Cause taking time to think about it  
Only means that you'll work it out  
Said, thinking that you need her  
And what it's all about, c'mon and

If your mother only knew  
That all these things you say you know are true  
And if you're thinking that you need someone new  
You'll have to wait and see because you know you need somebody  
Oh yeah, somebody, oh yeah, somebody, oh yeah
