

Stay the Same (Prayer for You)

Slightly Stoopid

Everything you want is to stay the same
Another day it was to never change
I wouldn't want it any other way
Just as long as I'm here with you yeah
Wake up on another day
Watch the clouds just roll away
Even when it is gray outside
You will make the sun shine through yeah

Always gonna be here by your side
Round the clock every day and night
Never gonna give up the fight
Always gonna be here for you, so
Oh my love there sending it to you always
Every morning into the evening yeah
Always praying, praying for you, my brother
Hear us saying this one's for you, oh yeah

Everything you want is to stay the same
Another day it was to never change
I wouldn't want it any other way
Just as long as I'm here with you yeah
Wake up on another day
Watch the clouds just roll away
Even when it is gray outside
You will make the sun shine through yeah

Every time I think of you
I want to say a prayer for you, yeah
Every time I think of you
I want to say a prayer for you, yeah
I just want to say
A prayer for you, yeah
A prayer for you
A prayer for you, yeah
A prayer for you
