

## Aussie Dog House Blues

Slim Dusty

Well I built myself a doghouse,  
Lined it out with fur,  
So I can go and hide myself  
Well away from her,  
I got the doghouse blues,  
Those Aussie doghouse blues.

Well I've even made it sound proof,  
It's as silent as a tube,  
So I can go and hide myself,  
And howler at the moon,  
I got the doghouse blues,  
Those Aussie doghouse blues.

Well I'm wonderin' what's she done,  
But I dares not go and see,  
I guess she must be talking  
Cause these ears are burnin' me,  
I got the doghouse blues,  
Those Aussie doghouse blues.

Well for ten years we been married,  
It's been, oh, so full of bliss,  
It must be 1984 since I had my last kiss  
I got the doghouse blues  
Those Aussie doghouse blues.

Yeah the children won't come near me  
Mumma says the dog will bite,  
So I just sit alone  
And I just howl all night  
I got the doghouse blues,  
Those Aussie doghouse blues.

Yeah I built myself a doghouse,  
Lined it out with fur  
So I can go and hide myself  
Well away from her,  
I got the doghouse blues,  
Those Aussie doghouse blues.

I got the doghouse blues,  
Those Aussie doghouse blues.
