

# Dinosaur

Slim Dusty

Oh the dinosaur was a great big thing, he got bigger  
every day,  
It got so big that it ate and ate 'til it ate it all  
away,  
Oh, you couldn't hurt that old dinosaur, it had a hide  
like armour plate,  
But when it wasn't eating right, he died beneath the  
weight,  
Yes the dinosaur was a great big thing, but now it is  
no more,  
And I feel that we can learn a lot, from that poor old  
dinosaur.

Now when I think of the dinosaur, I think of the world  
today,  
I wonder if we like the dinosaur will waste it all  
away,  
Yes all those ships and guns and planes and all that  
armour plate,  
Oh it seems to me already that they're struggling  
beneath the weight,  
Oh, the dinosaur was a great big thing but it had a  
tiny brain,  
So it really makes me wonder why we're doin' the same.

Oh, they'll stand 'til doom and their brand of right  
While the truth is stirrin' the toss,  
Bit it seems to me already that the dollar is the boss,  
Oh, the end's gonna come and go while they're standin'  
on their heads,  
Oh, it standing on their dignity too stubborn to change  
or bend,  
And all the while those sleek machines, eat up more and  
more,  
And it makes me think once again, that poor old  
dinosaur.

Yes the dinosaur was a great big thing, he got bigger  
every day,  
It got so big that it ate and ate 'til it ate it all  
away,  
Yes the dinosaur was a great big thing, but now it is  
no more,  
And we should learn before it's too late from that poor  
old dinosaur,  
Yes we should learn before it's too late from that poor  
old dinosaur.
