

# Give Me One More Chance

Slim Dusty

We laughed and joked along together,  
Our's was a very gay romance,  
But then I did you wrong,  
And now I sing this song,  
If you love me, you'll give me one more chance.

Happiness now has turned to sorrow,  
And all the fault I know is mine,  
But listen sweetie-pie,  
Before you pass Slim by,  
If you love me, you'll try me one more time.

I thought that you would never leave me,  
I went and had my reckless trance,  
I guess I'll have to pay,  
But still I sadly say,  
If you love me, you'll give me one more chance.

My little lady, my little lady,  
I guess that I have left too much to chance,  
Listen to my cry,  
Before you pass Slim by,  
If you love me, you'll give me one more chance;  
If you love me, you'll give me one more chance.
