## **Man From The Never Never**

## **Slim Dusty**

My legs are kind of bowed from horses that I've rode
Through the salt bush and the sand
I've got that rock'n'rollin' beat from this rollin' saddle seat
Because I live in the Never Never Land
I've never travelled out to all your high class towns
Because I'm right just where I am
Our town's a pub and general store, what's the use of any more
Away out in the Never Never Land
