

Old Woolshed Ball

Slim Dusty

Well things are gonna move in the old woolshed tonight
We've had a good clip and we're gonna celebrate it right
We got an eighteen-gallon and a real live band
We're gonna wash away a year of dust and sand
Yeah, we're gonna have a ball in the old woolshed tonight

There'll be all our neighbours from the stations close around
When we pack that shed we're gonna make one hell of a sound
There'll be country, rock, and Scottish reels
We're gonna let it rip, we're gonna kick up our heels
Yeah, we're gonna have a ball in the old woolshed tonight

Gonna have a ball in the old woolshed tonight
We're gonna rock and roll 'til the early morning light
So if you're round our way when the woolshed starts to swing
There's a welcome there for you all, just come on in
We're gonna make the rafters creak and groan
I'm sure you'll never ever wanna go back home
Yeah, we're gonna have a ball in the old woolshed tonight
(Go!)

Gonna have a ball in the old woolshed tonight
We're gonna rock and roll 'til the early morning light
And if you're round our way when the woolshed starts to swing
There's a welcome there for you all, just come on in
We're gonna make the old rafters creak and groan
I'm sure you'll never ever wanna go back home
Yeah, we're gonna have a ball in the old woolshed tonight
Yeah, we're gonna have a ball in the old woolshed tonight
Hey, we're gonna have a ball in the old woolshed tonight
