

# Complete Surrender

Slow Club

Can't happen  
Can't happen  
Can't happen hiding from you  
Can't happen  
Can't happen  
Can't happen hiding from you

Calling on your own  
And maybe once or twice  
The words rolled off your lips and  
I was paralysed  
Behind the camouflage  
And the naked  
I knew there was a place for us  
To complement  
Call me out  
The true pretender  
What you want  
Complete surrender

Can't happen  
Can't happen  
Can't happen hiding from you  
Can't happen  
Can't happen  
Can't happen hiding from you

To foolish figurines  
Dancing on a disk  
Welcome with open arms  
Baby you knew the risks  
All I want happiness  
Cradle in your arms  
You knew just how to look  
To get what it is you want  
Call me out  
The true pretender  
What you want  
Complete surrender

Can't happen  
Can't happen  
Can't happen hiding from you  
Can't happen  
Can't happen  
Can't happen hiding from you

You let me in your heart and let me turn it over  
You knew this from the start  
You have to ??  
A true pretender  
What you want  
Complete surrender

Can't happen  
Can't happen  
Can't happen hiding from you

Can't happen  
Can't happen  
Can't happen hiding from you
