

# People Watching

Smallpools

My momma told me  
If you find some fame  
Don't start the cocaine  
Yeah, yeah, now  
But we could always  
Find some mindless ways  
To keep entertained  
Yeah, yeah

(We've got something)  
Don't take much to have some fun  
Grab your shades and we'll do some  
(People watching)  
Keep all your designer drugs  
I just wanna smoke your love  
(We've got something  
People watching us)

Momma told me  
If she consumes your mind  
Hold on for dear life  
Yeah, yeah, woo!  
Don't need an island  
Or a private plane  
To better these days  
Yeah, yeah

(We've got something)  
Don't take much to have some fun  
Grab your shades and we'll do some  
(People watching)  
Keep all your designer drugs  
I just wanna smoke your love  
(We've got something  
People watching us)

Play, play, play, the champagne  
While we lay a Sunday  
Strangers living out their lives  
Place your bets on all them  
I can search to no end  
Now you could say  
You could say  
It's all in your hands

(We've got something)  
Don't take much to have some fun  
Grab your shades and we'll do some  
(People watching)  
Keep all your designer drugs  
I just wanna smoke your love  
(We've got something  
People watching us)
