

## A New Horizon

### Smash Into Pieces

You went too far when I was the star in a lullaby (a lullaby)  
And every scar keep telling my heart we are over now (we're over now)

You  
You can't follow me through  
Through with all that is you  
You are out of play (e-ey)

I'm over the stars and far away  
My imagination leads the way  
I'm letting the darkness fade away  
To a new horizon (new horizon)  
New, new, new, a new horizon (new horizon)

Don't want it slow, I'm down with the flow, time for something new (for something new)  
Not looking back 'cause I'm the new black and you know it's true (you know it's true)

You  
You can't follow me through  
Through with all that is you  
You are out of play (e-ey)

I'm over the stars and far away  
My imagination leads the way  
I'm letting the darkness fade away  
To a new horizon (new horizon)  
I'm over the stars and far away  
And I'm waking up to a better day  
I'm letting the darkness fade away  
To a new horizon (new horizon)  
New, new, new, a new horizon (new horizon)

I'm over the stars and far away  
My imagination leads the way  
I'm letting the darkness fade away  
To a new horizon (new horizon)  
I'm over the stars and far away  
And I'm waking up to a better day  
I'm letting the darkness fade away  
To a new horizon (new horizon)  
New, new, new, a new horizon (new horizon)
