

# Big Bang

## Smash Into Pieces

I feel like dynamite  
Nothing can stop me now  
'Cause when the time is right  
I will go Bang Bang  
With a Big Bang Bang

I will go Bang Bang  
With a Big Bang Bang  
Bang Bang!

What you're feeding us is fake  
Like a drug we love to hate  
That we'll stop being addicted to  
In our dreams, woohoo  
I refuse, I won't obey  
Cause I see the game you play  
And I'm here to take away your crown  
I will shut you down!

I feel like dynamite  
Nothing can stop me now  
'Cause when the time is right  
I will go Bang Bang  
Bang Bang  
I'm gonna make it pop  
I will make your truth blow up  
Cause when the time is right  
I will go Bang Bang  
With a Big Bang Bang

I will go Bang Bang  
With a Big Bang Bang  
Bang Bang!

You got power to control  
Make us blind and rule us all  
But I'm killing it in darkness to  
I got skills, woohoo

Yes, I'm here to get it done  
Riding like the chosen one  
I will send you six feet under ground  
I will shut you down!

I feel like dynamite  
Nothing can stop me now  
'Cause when the time is right  
I will go Bang Bang  
Bang Bang  
I'm gonna make it pop  
I will make your truth blow up  
Cause when the time is right  
I will go Bang Bang  
With a Big Bang Bang

I will go Bang Bang  
With a Big Bang Bang

Bang Bang!
