

Boomerang

Smash Into Pieces

I've been gone for a while now
But only to gain my power
I've been fighting my demons
And now I'm back up on my feet
The harder you fall down
The stronger you come back later
Now I feel like an army
And I've only just began

I've only just begun (only just begun)
I've only just begun

Hey, give me all you got
Bring the grenades and your loaded guns
Hey, trying to take me down
I'm coming right back, back, back like a boomerang
Oh whoa oh ohoh whoa oh ohoh
Yeah I'm back, back, back like a boomerang
Oh whoa oh ohoh whoa oh ohoh
Yeah I'm back, back, back like a boomerang

You've been trying to change me
But what's the point if I'm not me, yeah
I'm alone when I hit the lights
Alone with someone else

And I've only just begun (I've only just begun)
And I've only just begun

Hey, give me all you got
Bring the grenades and your loaded guns
Hey, trying to take me down
I'm coming right back, back, back like a boomerang
Oh whoa oh ohoh whoa oh ohoh
Yeah I'm back, back, back like a boomerang
Oh whoa oh ohoh whoa oh ohoh
Yeah I'm back, back, back like a boomerang

Oh whoa oh ohoh whoa oh ohoh
Back, back, back like a boomerang
Oh whoa oh ohoh whoa oh ohoh

Hey, give me all you got
Bring the grenades and your loaded guns
Hey, trying to take me down
I'm coming right back, back, back like a boomerang
Yeah
Yeah I'm back, back, back like a boomerang
Oh whoa oh ohoh whoa oh ohoh
Yeah I'm back, back, back like a boomerang
Hey, give me all you got
Oh whoa oh ohoh whoa oh ohoh
Yeah I'm back, back, back like a boomerang
