Broken Parts

Smash Into Pieces

I, I feel so unkind
And I think it will heal me to enter your mind
I know that I'm numb
And I think it will cure me to make you mine
Take my broken parts and fix me now

I can't feel a thing
My heart isn't bleeding
Believe me
I wanna know

Replace my broken parts
I need someone to fix me
My heart won't heal
Cause something's missing
Machines don't bleed that easily
Fix me now
Replace my broken parts
Machines don't bleed that easily
Fix me now

You
You keep it within
I wanna go deeper
Under your skin
So come out and play
Just let me control you
In this game
It takes a human heart to feel alive

So let me inside
My heart isn't bleeding
Believe me
I need to know

Replace my broken parts
I need someone to fix me
My heart won't heal
Cause something's missing
Machines don't bleed that easily
Fix me now
Replace my broken parts
 (My broken parts)
Machines don't bleed that easily
Fix me now

Replace my broken parts
Machines don't bleed that easily
I feel no pain
Replace my broken parts
Replace my broken parts
Replace my broken... parts

Machines don't bleed that easily
Fix me now
Replace my broken parts
I need someone to fix me

My heart won't heal
Cause something's missing
Machines don't bleed that easily (easily)
Fix me now
Replace my broken parts
 (My broken parts)
Machines don't bleed that easily
Fix me now
