

# Godsent

## Smash Into Pieces

I used to share, I used to care  
The good in me is gone, I'm bad  
I used to give, I used to feel  
The things you did will never heal

Take a look at me now  
See what I've become  
I will no longer feed the machine  
Can't control the monster in me, no  
The way that I feel  
Makes it harder to breathe  
When I'm thinking about you  
The monster is real

Take a look at me now  
See what I've become  
I will no longer feed the machine  
Can't control the monster in me, no  
The way that I feel  
Makes it harder to breathe  
When I'm thinking about you  
The monster is real  
Oh oh  
The monster is real  
Oh oh  
I'll be in heaven when I'm giving you hell  
Like I'm godsent

I don't know if you've been told  
Life in hell is mighty cold  
What goes around is coming back  
You can't run away from that

Take a look at me now  
See what I've become  
I will no longer feed the machine  
Can't control the monster in me, no  
The way that I feel  
Makes it harder to breathe  
When I'm thinking about you  
The monster is real

Take a look at me now  
See what I've become  
I will no longer feed the machine  
Can't control the monster in me, no  
The way that I feel  
Makes it harder to breathe  
When I'm thinking about you  
The monster is real  
Oh oh  
The monster is real  
Oh oh  
I'll be in heaven when I'm giving you hell  
Like I'm godsent

Take a look at me now

See what I've become  
I will no longer feed the machine  
Can't control the monster in me, no  
The way that I feel  
Makes it harder to breathe  
When I'm thinking about you  
The monster is real  
Oh oh  
The monster is real  
Oh oh  
I'll be in heaven when I'm giving you hell  
Like I'm godsent
