Smash Into Pieces

I don't care when the haters are singing their song
All I hear is the melody (whoa)
I am not like the others I won't sing along
I just like being happy (whoa)

Cause everybody wanna be somebody
But nobody is good enough for anybody
But I won't play no part I've had enough

I wanna be like this ooh yeah
I wanna feel like this mmm yeah
I wanna move like this ooh yeah
There is nothing normal about being like this
Like this
Just like this

I feel sad for the fakers they're doing it wrong
Why pretend being someone else (whoa)
I don't use any filters I'm me on my own
And people think that I'm so weirdo, oh

Cause everybody wanna be somebody
But nobody is good enough for anybody
But I won't play no part I've had enough

I wanna be like this ooh yeah
I wanna feel like this mmm yeah
I wanna move like this ooh yeah
There is nothing normal about being like this
Like this
Just like this

Sometimes I hear their words they echo in my system
Sometimes it gets me down but I try not to listen
Wish they could let it be my personality
Born this way I am ok nothing more to say

I wanna be like this ooh yeah
I wanna feel like this mmm yeah
I wanna move like this ooh yeah
There is nothing normal about being like this
