

My Beast

Smash Into Pieces

We all got demons, a bit of darkness
That's what's left from all the scars trying to drown our hearts
We all need heroes, someone to guide us
To get away from all the pain and open our eyes again

I got a little crazy yesterday
I'm sorry that I had to leave this way
Me when I'm crazy, crazy
That's when I loose my mind

I thought my demons were defeated
Now they stand in front of me
I pulled them to freedom (freedom)
I released my beast
And I told them I won't listen
I won't fall for them again
But here I am screaming (screaming)
I will kill my beast

I feel captured deep in my structure
Like I'm born with all this pain. Will I ever find my way?
We all got demons but I got monsters
Like a thunder in my heart reminded me of my scars

I got a little crazy 'bout it all
I'm sorry that you had to see me fall
Me when I'm crazy, crazy
That's when I loose my mind

I thought my demons were defeated
Now they stand in front of me
I pulled them to freedom (freedom)
I released my beast
And I told them I won't listen
I won't fall for them again
But here I am screaming (screaming)
I will kill my beast

I see the light even though I fall in the dark sometimes
Up again need to stay alive and keep moving
I keep moving
I want to breathe and one day I hope that I can live in peace
Find a way cause I don't know how I could handle this
I could handle one more time

Got a little crazy yesterday
I'm sorry that I had to leave this way
Me when I'm crazy, crazy
That's when I loose my mind

I thought my demons were defeated
Now they stand in front of me
I pulled them to freedom (freedom)
I released my beast
And I told them I won't listen
I won't fall for them again
But here I am screaming (screaming)

I will kill my beast
