

My Shadow

Smash Into Pieces

Didn't know how I could save you, the darkest part of me
You've been hiding in the darkness, I need to set you free

I'm running, I'm running away losing hours
I'm running, I'm running away from myself

I've been down, I've been up, in and out, there's no way I can
let go
Take you out in the light, in my heart I embrace my own shadow
Step by step with my friend, you're a part from within
I can't let you go, you're my shadow

When we walk through times of weakness, we carry on (carry on)
You will walk with me forever, so let's get along

I'm running, I'm running away losing hours
I'm running, I'm running away from myself

I've been down, I've been up, in and out, there's no way I can
let go
Take you out in the light, in my heart I embrace my own shadow
Step by step with my friend, you're a part from within
I can't let you go (let you go)
Step by step with my friend, you're a part from within
I can't let you go, you're my shadow
You're my shadow, you're my shadow
You're my shadow, you're my shadow

I'm running, I'm losing hours
I'm running away from myself
I'm running, I'm losing hours
I'm running away from myself

I've been down, I've been up, in and out, there's no way I can
let go
Take you out in the light, in my heart I embrace my own shadow
Step by step with my friend, you're a part from within
I can't let you go (let you go)
Step by step with my friend, you're a part from within
I can't let you go, I embrace my shadow
