So another man says that he can't compete That he can't love a moving target So another affair gets an incomplete Well, it's time to adjust my plan

Cause when I'm up there on the silver screen I can make the whole world want Norma Jeane So, I can't have the love of one man But a million or more, well that I can

Fade in on a girl with a hunger for fame
And a face and a name to remember
The past fades away
Because as of this day
Norma Jeane's gone
She's moving on

Her smile and her fantasies play a duet That will make you forget where you are The music starts playing It's the beat of her heart saying Let me be your star

Flashback to a girl with a song in her heart As she's waiting to start the adventure The fire and drive That make dreams come alive They fill her soul She's in control

The drama, the laughter
The tears just like pearls
Well, they're all in this girl's repertoire
It's all for the taking
And it's magic we'll be making
Let me be your star

I'll just have to forget the hurt that came before Forget what used to be
The past is on the cutting room floor
The future is here with me
Choose me!

Fade up on a star with it all in her sights All the love and the lights that surround her Someday she'll think twice Of the dues and the price She'll have to pay But not today!

She'll do all she can
For the love of one man
And for millions who love from afar
I'm what you've been needing
It's all here and my heart's pleading
Let me be your star!
