Come Chameleon
Show me your colours
Tell me the secret
Of love under cover
Come Chameleon
Show me your colours
Tell me your secret
Don't need any other

I've been searching night and day
Still haven't found what I'm looking for
Why you always run away
Is a mystery, makes me want you more

How do you do
The things you do
I'd really like to know

Come Chameleon
Show me your colours
Tell me the secret
Of love under cover
Come Chameleon
Show me your colours
Tell me your secret
Don't need any other

You've been hiding for so long
But I found a way, I'm not letting go
To the world you call your own
Baby let me in, cos I need you so

How do you do
The things you do
No one can take you away from me
How do you do
The things you do
This love was meant for eternity
