La, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la,
Wa, ha, ha, ha, ha,

La, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la,
Wa, ha, ha, ha, ha,

I thought a little bit of you today
Look how I fancied up myself for you
So look a little bit at me today
You know you gotta try a little harder
So you can be my, my, my, my, my, my, darling!

La, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la,
Wa, ha, ha, ha, ha,

I thought a little bit of us today
I try my best to get to you somehow
So think a little bit of me today
You know you gotta show me that you love me
And baby, be my, my, my, my, my, my, darling!

Smile a little smile, let's enjoy the moment now
And just have a good time
(A good time!)
Try it baby, "Good!"
Just a little bit of lovin', gonna feel so fine

Is it really true that you feel the same way too
And hope we'll be together?
Now you know that I love you
Love you - love you, love you, love you
Love's true, love you - love's true, love you, love you!

I looked up the meaning of (Wow, wow, wow)
The funny word we call love (Wow, wow, wow)
And then I wrote your name beside it
With a little heart above (Whoo!)

If I would start to dream a dream (Wow, wow, wow)
Would my dreams be what they seem? (Wow, wow, wow)
All night long, I lie and dream of me and you
And me - and you, and me, and you!

La, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la,
Wa, ha, ha, ha, ha,

La, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la,
Wa, ha, ha, ha, ha,

I thought a little bit of you today,
I sent an e-mail over just for you
So drop a little note to me today
You know I need to hear you say you love me
Or will you just be my, my, my, my, my, my, my friend?

Tell me what you're thinkin'
Keep it sweet and simple

Baby, everything's okay
(Okay!)
Try it baby, "Try it!"
Open up your heart and be honestly sincere

Is it really true that you prefer it too, we go a little slower
That's what makes you so cute - so cute, so cute, so cute, so cute
So cute, so cute - so cute, so cute, so cute!

When I'm sitting thinking of (Wow, wow, wow)
The funny word we call love (Wow, wow, wow)
I still don't think of you at first
My family still comes above
Whoo!

If you wanna capture me (Wow, wow, wow)
It's as simple as can be (Wow, wow, wow)
Mr. Lennon said it, "All you need is love."
My love - my love, my love, my love!

La, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la, la,
La, la, la, la, la, la... Wah, ha, ha, ha, ha!
