Glossy pages picture foreign places  
Make me dream of everything I long to see  
So inviting, everything's exciting  
But I know where I long to be  
There's a place so special to me

Oh-oh-ee-oh-oh

Tokyo, I'm talking to you now  
I'm coming your way, aha  
I really long to see you  
Tokyo, I'm talking to you now  
I'm coming to stay, aha  
I never wanna leave you  
You see, you're magic to me

Music's playing, cherry blossoms swaying  
You see smiling people everywhere in the street  
There's a story of your ancient glory  
Still the future lies at your feet  
You get past and present to meet

Oh-oh-ee-oh-oh

Tokyo, I'm talking to you now

So show me your secrets  
You've got more than one  
You're part of a dream world  
The land of the rising sun
