

Underwater Love

Smoke City

This must be underwater love
The way I feel it slipping all over me
This must be underwater love
The way I feel it

What is this underwater love
Must feel much alike this love

This is it
Underwater love
It is so deep
So beautifully liquid

This love with passion, ai
This love with passion, it's something!

After the rain comes sun
After the sun comes rain again
After the rain comes sun
After the sun comes rain again
This must be underwater love
The way I feel it slipping all over me
This must be underwater love
The way I feel it

What is this underwater love
I know I don't want anything else

Follow me now
To a place you only dream of
Before I came along
When I first saw you
I was deep in clear blue water
The sun was shining
Calling me to come and see you
I touched your soft skin
And you jumped in with your eyes closed
And a smile upon your face

You come, you go
You come and fall
And come along
'cause I want to kiss you in your mouth
Crazy stuff!
Come along
'cause I want to kiss you in your mouth
What a tasty mouth

After the rain comes sun
After the sun comes rain again

Fall, fall, and everything falls
Everything falls to overthere and here
To overthere and here
And let's swim
Let's swim so everything's possible

This must be underwater love
The way I feel it slipping all over me
This must be underwater love
The way I feel it
Oh oh d'água Underwater
Oh underwater love
This underwater love
This underwater love
Underwater love
