## **Being With You**

## **Smokey Robinson**

I don't care what they think about me And I don't care what they say I don't care what they think if you're leaving I'm gonna beg you to stay

I don't care if they start to avoid me I don't care what they do I don't care about anything else But being with you, being with you

Honey don't go, don't leave this scene Be out of the picture and off of the screen Don't let them say, "We told you so" They tell me you love me and then let me go

I've heard the warning voice From friends and my relations They tell me all about your heart-break reputation

I don't care what they think about me And I don't care what they say I don't care what they think if you're leaving I'm gonna beg you to stay

I don't care if they start to avoid me I don't care what they do I don't care about anything else But being with you, being with you

People can change, they always do Haven't they noticed the changes in you Or can it be that like love I am blind Do I want it so much 'til it's all in my mind

One thing I know for sure Is really really real I never felt before The way you make me feel

I don't care what they think about me And I don't care what they say I don't care what they think if you're leaving I'm gonna beg you to stay

I don't care if they start to avoid me I don't care what they do I don't care about anything else But being with you, being with you Being with you, being with you

I don't care about anything else But being with you, being with you I want to be with you
