

# If You Can Want

Smokey Robinson

Oh you may not love me now, but I'm stayin' around  
'Cause you want my company  
Just like push can turn to shove, like can turn to love  
And it's my philosophy that

R:  
If you can want, you can need  
And if you can need, you can care  
If you can care, you can love  
So when you want me, I'll be there

Whenever you want me, I'll be there

Oh now this may take some time, but if time was money  
I would be a millionaire  
So whenever you want me, call any time at all  
And for sure I'll be right there, 'cause

[R]

(I'll be there) whenever you want me

I'll be standin' by, not far way  
Let your heart give me a sign  
'Cause I'm prepared to wait until I adfiducate  
When you want me all the time, 'cause

[R]

(I'll be there) whenever you want me
