

It's Been a Long Time (Since I Been in Love)

Smokey Robinson

It's been a long time since I been in love
Thought I forgot what to do
It's been a long time since I been in love
All it took was being with you

You are a simple and beautiful one
You taught me to love naturally
One look at you and I knew I was home
You gave myself back to me

Love how I feel, love how I feel
Love how I feel loving you

It's been a long time since I been in love
Wish I'd have known your address
It's been a long time since I been in love
Knowing you was called happiness, oh...

You are the sparkle that lights up my life
And makes everything seem so new
I'm all aglow with a halo of love
I know I'm shining for you

Love how I feel, love how I feel
Love how I feel loving you, oh...

It's been a long time since I been in love
Never thought I'd see the day
It's been a long time since I been in love
Now I know it's safe to say

I love you, I love you
I love you, I love you, uh-huh

I love you, I love you, baby
(It's been a long time, it's been a long time)
I love you
(It's been a long time)
I love you, I love you, I love you

Nobody but you, I love you
(It's been a long time, it's been a long time)
I love you, baby
(It's been a long time since I been in love)
I love you, uh-huh, ooh...

I love you, I love you, baby
(It's been a long time, it's been a long time)
Really, really, really do
(It's been a long time since I been in love)
I love you, I love you

I love you, baby
(It's been a long time since I been in love)
I love you
(It's been a long time since I been in love)
Nobody but you

(It's been a long time since I been in love)
I love you, I love you, I love you, I love you
I love you
