

# Just Let Me Love You

Smokey Robinson

Just let me love you  
Like nobody's loved you  
Make you my queen  
Make your heart sing  
Over and over again

You've given up on true love  
You say love's too unstable, yeah  
You've seen the worst in mankind  
But don't give me that label

I see the treasure in you  
But your heart turned to stone  
Give me the chance and you'll see  
A world you never been shown

Girl, I know how it feels to let somebody in  
Going through heartbreak again and again  
But this time the hurting has come to an end  
I'll keep love burning bright  
Every day, every night

Just let me love you  
Like nobody's loved you  
Make you my queen  
Make your heart sing  
Over and over again

I don't expect you to trust  
Take all the time you need  
I've waited my whole life for you  
I will follow your lead

If you'll just let me do all the things I can do  
Nothing in life is more special than you  
My darling, I promise this man will come through

I've got something to live for  
To die for, to cry for

Just let me love you  
Like nobody's loved you  
Make you my queen  
Make your heart sing  
Over and over again

Now there are no guarantees in love  
But if you just give me a chance  
I can guarantee that I'll do my best  
To make it the best it's ever been  
For you, my love

If you'll just let me do all the things I can do  
Nothing in life is more special than you  
My darling, I promise this man will come through  
I've got something to live for  
To die for, to cry, cry, cry

(Cry for, cry for)

Just let me love you  
Like nobody's loved you  
You're a queen  
I wanna make your heart sing  
Over and over and over

Love you, love you  
(Just let me love you)  
Like nobody  
(Like nobody's loved you)  
Make you my queen  
Make your heart sing  
Over and over again, again...
