

## Share It

Smokey Robinson

Rock slow  
Slow rock  
Rock  
Rock

Share it  
Come on, share this night with me  
Share it  
Come on, share this night with me

Baby, come share it with me  
Don't you know that we've got nothing to lose  
But it's pretty plain what we stand to gain  
And it's something everybody can use

Baby, share it  
Come on, share this night with me  
Whoa, baby, share it  
Come on, share this night with me  
Baby, ooh, baby

Baby, come share it with me  
Give a little and get some in return  
And what we don't know about each other  
What a perfect opportunity to learn, ooh...

Oh, baby, share it  
Come on, share this night with me  
Come on, share it with me, baby  
Come on, share it with me, baby  
Oh, baby, please give me one fine night of sunshine  
Give me one fine night of sunshine  
Share it with me, baby

Slow rock, y'all, yeah  
Rock, rock  
Ooh, yeah

Baby, come on  
Give me one fine night of sunshine  
Give me one fine night of sunshine

Slow rock, y'all  
Rock  
Rock, rock

Rock, rock, rock  
Rock, rock, rock

Oh, baby, share it  
Come on, share this night with me  
Come on, share it with me, baby  
Come on, share this night with me  
Come on, share it with me, baby  
Oh, baby, please give me one fine night of sunshine  
Give me one fine night of sunshine  
Share it with me, baby

Come on, share it with me, baby...
