

# What's in Your Life for Me

Smokey Robinson

I could give someone like you  
My everything, great and small  
Bring out the best of me and take it all  
Makin' love's a special thing  
So take your time and get to know me  
True love is what's in my life for you  
Now I'm askin' you to show me

What's in your life  
What's in your life for me?  
Is there anything you can see?  
Tell me, baby  
Tell me what do you feel for me?

Will tomorrow bring me sorrow  
'Cause I confessed my love today?  
I'll take a chance on you  
Come what may, come what may  
Build me up and bring me down  
There's no daily guarantee  
I'll take the tears to know the joy  
Of a chance to really see, ooh...

What's in your life  
What's in your life for me?  
Is there anything you can see?  
Tell me, tell me, tell me, baby  
What's in your life for me?

And in my love starvin' mind  
It's only you I hunger for  
So come fill me up, feed my soul  
And if I receive the love I need  
Then on your behalf, I'll be whole

Ooh, baby  
Is there anything you can see?  
Tell me, baby  
Tell me what do you need for me?

What's in your life  
What's in your life for me?  
Is there anything you can see?  
Tell me, baby  
Tell me what do you feel for me  
For me, for me, for me...
