

# Wishful Thinking

Smokey Robinson

The night's electric  
When I'm dancin' close to you  
It's just like magic  
A feeling too good to be true  
And when I kiss you  
Girl, it feels so wonderful  
You say you love me  
It's like some kind of miracle

Then I realize  
I'm just a victim of imagination

It's only wishful thinkin'  
Just a fantasy, a sweet illusion  
It's only wishful thinkin'  
And though you don't love me  
I can't help dreamin'

You're my obsession  
But you don't even know I'm there  
I'm lost inside this  
Imaginary love affair, hey  
Guess I should give up  
But then again you never know  
So I keep dreamin'  
About you when I should let go

It feels so real  
When I'm caught up in this fascination

It's only wishful thinkin'  
Just a fantasy, a sweet illusion  
It's only wishful thinkin', baby  
And though you don't love me  
I can't help dreamin'  
It's only wishful thinkin'  
(Only wishful)  
Just a fantasy, you love me too, girl  
It's only wishful thinkin', alright  
Wishin' you loved me is all I do, girl

Hey, then I realize  
I'm just a victim of imagination

It's only wishful thinkin'  
Just a fantasy, a sweet illusion  
It's only wishful thinkin', baby  
And though you don't love me  
I can't help dreamin', oh, yeah  
It's only wishful thinkin', baby  
Just a fantasy, you love me too, girl  
It's only wishful thinkin'  
Wishin' you loved me is all I do, girl...
