I saw her today, I saw her face

F#mi

It was a face I loved

And I knew, I had to run away

F#mi

And get down on my knees and pray

That they'd go away

And still they begin

F#mi

Needles and pins

D

Because of all my pride

E

The tears I'm gonna hide

Oh, thought I was smart

I'd won a heart

Didn't think I do

But now you see

She's worse to him and me

Let her go ahead

take this love instead

And one day she will see

Just how to say "please"

Get down on her knees

Ayeah, that's how they begin

She'll feel those needles and pins

Hurtin' her, hurtin' her

C#mi

Why can't I stop and tell myself

Because I saw her today ...
