

Let Them Die

Smoking Popes

Too big or way too small
I say let them die
Don't seem to care at all
I say let them die
Let them die [repeat three more times]

I know they are not happy with their lives
Let's do them a favor
They feel just like you
Oh no, that's not true
That could be you someday that's why I say
Let them die [repeat five more times]
