

## Don't Be Shy

Snap!

Zeus...Aha

C'mon... Ah Ah

See you in the club, watching me, feeling me, wanting me.

How about a little ... with me, I'll be your fantasy.

Put your drink down come to me, do you really wanna get with me  
?

You know you really wanna come to me; I can't take it no more.

I just wanna...

Feel your body Touch my body Don't be shy my honey Feel my body

I just wanna feel your body Touch my body Don't be shy my honey  
Feel my body

Feel your eyes undressing me, temptations calling me.

I can tell this is destiny, cos it feels like it's meant to be.

One chance I'll make you see, no other girls as good as me.  
Say yes take my hand, so we can fly away.

I just wanna...

Feel your body Touch my body Don't be shy my honey Feel my body

I just wanna feel your body Touch my body Don't be shy my honey  
Feel my body

I just wanna, dance with you boy, don't you put me down Hold my  
waist and dance with me until the end of time.

I just wanna feel your body Touch my body Don't be shy my honey  
Feel my body

Feel my body Feel my body Feel my body Feel my body

Don't be shy my honey.
